CLASS : VI
SYLLABUS PLANNER
SESSION : 2021-22

Laying the foundation of excellence

PREFACE

believes that success is the result of systematic preparation, persistent hard work and thorough planning. The 'Syllabus Planner' is a tool that provides insight about the course goals, the structured assignments, examinations, review sessions and subject enrichment activities to facilitate a successful start within the specified time frame.

The Syllabus Planner will help students to set and achieve the desired goals and objectives. Equal emphasis has been given to all the subjects. The syllabus is planned in such a way that there is space for experiential learning which allows for analysis and reflection.

The planner takes into account the broad academic calendar and the dates printed within. However, these schedules may change to meet unavoidable circumstances.

We wish the very best to all the students for the new academic session 2021-22.
