"Uniting the Ignited minds"

## DPSRMUN

Envision, Empower, Exceed... It's yours!!

Day-1 Friday, March 31, 2023

*Being a great speaker requires  
the appreciation of words,  
and that of the limits of language.*

*Laying the foundation of excellence*

**LOK SABHA**

## LOK SABHA- ENERGY CONSERVATION (AMENDMENT) BILL 2022

*WELCOME TO LOK SABHA!!*

The committee session started with a sizzling question which left the members of parliament blank. "WHY LOK SABHA IS THERE IN MUN". MUN is basically MODEL UNITED NATIONS then why lok sabha? Conceptionally it is wrong to have Lok Sabha in MUN. Speaker quoted

"LOK SABHA UN KA PART NAHI HAI TOH BUILDING HE ALAG DE DI."

Another question coming on way..

"WHAT IS LOK SABHA?"

MOST SENSITIVE, INSENSITIVE HOUSE? HOUSE OF PEOPLE? LOWER HOUSE OF PARLIAMENT?

Utkarsh

"AAJKAL KE LOG SOYE HUE HAI, ABH HUME JAGNA HAI."

There are 3 sessions in Lok Sabha the whole year consisting BUDGET SESSION, MONSOON SESSION and WINTER SESSION. Likewise there are 3 hours in Lok Sabha during a session which are QUESTION HOUR, ZERO HOUR and DISCUSSION HOUR. In Zero Hour the utmost questions to be discussed which cannot be postponed as it is the matter of public and people importance. Harshvardhan name changed to "TITARBHAI." We were talking about discussion hour REELS AUR YOUTUBE SHORTS ki baatain kaha se aa gayi?.....

Agenda: Impact of Emerging Technologies on Disarmament and Arms Control

Chairperson: Addhyan Sharma

Vice Chairperson; Mahek Rijhwani

Report by: Bheeni Jajodia

Did you hear that fun fact about Pakistan? "It's a very peaceful country" (or so does the representative delegate believe). After enlightening the house with the existence of the World Toilet Organisation in his country during the icebreaking session, the delegate of Singapore went on to provide an interesting piece of information about Saudi Arabia as he spoke "There's a rule in Dubai..." which was met by due consideration in the form of roaring laughter. While other delegates opted for 'Present' or 'Present and voting' during the roll call, "Washroom" came the reply when the whereabouts of the Delegate of Philippines were asked. An eternity later, with the Rules of Procedure explained in detail and the General Speaker's List speeches already in order, the 'missing' Chairperson of the committee showed up in his red tie, indicating a stoppage to the flow, only to question the delegates about their awaited position papers.

Is raising motions an easy task? Not really. A motion to move into a moderated caucus on the topic of 'denuclearisation' was received by the Executive Board's scepticism regarding whether it's an actual word, while another delegate was absent-minded enough to not vote for the motion he introduced himself.

REPORT: United Nations Development programme UNDP – DAY 1 SESSION 1

Agenda: Efficient administration and enforcement of PEACE, JUSTICE AND STRONG INSTITUTIONS in developing countries in accordance with the sustainable development goals of the United Nations.

WORLD PEACE, A DREAM OR SOON TO BE REALITY?

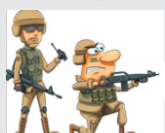

The bureau began asking everyone to list out their names for the opening speech and almost every delegate was ready to give the GSL. A few decided to lay low for a while. This caught the attention of the bureau and these delegates were quickly questioned for their sense of delay. The GSL's then began in a full-fledged manner; China kicked off with very powerful speech. Next in line was Egypt, gave quite a lengthy speech.

Italy's Views: SANCTION COUNTRIES LIKE PAKISTAN WHO SUPPORT TERRORISM, TO ESTABLISH WORLD PEACE!

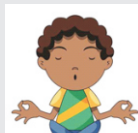

Some of the delegates were so well researched that they were permitted to multiple speeches were quite confidently taking their stances and also cross firing questions on till the other one was left speechless.

The delegate of France was asked multiple questions regarding the country's policies on religious getup. The questions were so logical and deep and yet the delegate of France knew his answers and remained very calm.

The rest of the proceedings were very smooth and most of the delegates explained their view on the agenda. This session was very satisfactory for the first committee in session. This is how the first committee session of the DPSRMUN comes to an end.

QUESTIONS! QUESTIONS!

FRANCE: ANSWERING QUESTIONS IS MY NEW MEDITATION

## ECONOMIC AND FINANCIAL AFFAIRS (ECOFIN)

REPORT WRITING BY KAVYA CHAURASIA

Agenda- Reanalyzing International response to deregulated financial instruments in wake of FTX scandal.

Chair- Ram Sharma

Co-Chair- Sahil Chawla

ECOFIN is responsible for EU policy in three main areas: Economic Policy, taxation issues and regulation of financial services.

So, ECOFIN is made up of economic and finance minister from all members' states.

Relevant European Commissioners also participate in meeting.

There are also specific ECOFIN sessions attended by national budget ministers and European commissioners for financial programming and budget, to prepare EU's annual budget.

The founder of ECOFIN was Prof.Dr.Martin Luther.

So, here firstly my committee was just discussing about the roll call.

Then we proceed to our GENERAL SPEAKER (GSL) where we discuss that how ECOFIN works why Cryptocurrency is critical for us and etc.

The delegate of South Arabia said that FTX was a cryptocurrency exchange that promotes liquidity and transacting of coins and tokens. It also allows users to connect their wallets, place trades, exchange digital currencies.

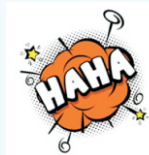

The another delegate gave the opinion that FTX was created so we cannot depend upon central government.

Central bank, it is basically reanalysing international response to wake off FTX Scandal.

Sam Bankman Fried is the resident of Singapore as well as Singapore should work in Exchanging policies.

The delegate of Belgium gave the opinion that Financial crisis is a global crisis that is critical for all???

Bhartiya Janta Party is actually floating Cryptocurrency in lower house.

## War at our doorstep

The special crisis committee deliberates over the impact of emerging ideologies after the second world war.

Report by: Prutha Pimpalgaonkar.

"Capitalism has brought with it progress, not merely in production but also in knowledge" These words highlighted by the delegate of France, quoting the widely acknowledged physicist Albert Einstein echoed in the room as the first session for the crisis committee began. To formally start the discourse, the delegate of the

Soviet Union honoured the lives that were changed, pressing on the fact that the soviet union did not start the war and the benefits of the communist ideology. However, the The delegate of the USA questioned this, asking how a communist government can be held accountable. The delegate of France also pressed on how communist governments are unable to implement the principles of their ideologies, which is clear from the fact that capitalist nations are far ahead than the communist ones. As several similar statements were thrown around the room, the deliberation was interrupted by the beginning of The Korean War. Only further developments and discussions can determine the course of the committee.

"It is not enough to win a war, it is more important to organise peace."

This line as stated by Aristotle holds true with the agenda raised in the United Nations Security Council i.e. the promotion of sustainable peace and security in conflict-affected regions emphasizing on the

problems faced by the Middle East countries.

The Chair leading the committee is Mr. Siddhant Nair and by his side the Vice Chair of the committee as Miss Aarushi Dixit.

The Chair kept mentioning the Delegate of USA to give examples to the delegates in the committee stating, "I am not favouring any of the P5 country here. Is everyone okay if I mention Delegate of USA as our example?"

The delegate of USA mentioned that USA needed to cut ties with any conflict causing countries and offended Russia.

The Delegate of India stated, "Middle East countries are the main suppliers of oil and natural gas hence conflicts need to be resolved at the earliest."

The Delegate of Japan strongly stated that the civil wars had always been backed up by foreign powers and also added that 80% of the population had gone under the poverty line. USA raised a Point of Enquiry for Mexico about increasing number of refugees in the country to which Mexico explained it was the effect of covid-19.

The Delegate of Saudi Arabia confidently mentioned that Syria had lack of income stability and that Saudi Arabia had provided aid. Contradicting this Japan enquired "How is your country carrying out air strikes if you are promoting peace?" Delegates were irresponsible!!

**Chair-**  
"Idli sambhar  
kha ke power  
nahi aaya kya?"

### **The United Nation Human Right Council (UNHRC).....**

It has the ability to discuss all thematic human right issues and situation that require its attention throughout the year it meets at the UN Office at Geneva.

*THE COMMITTEE OF UNHRC WAS DISCUSSING ABOUT THE MODERNATE CAUCOS AND UNMODERNATE CAUCOS.*

### **ABOUT THE AGENDA OF UNHRC**

An unmanned aerial vehicle commonly known as drone without any human pilot it is also used in wars. UAV are generally developed for through the twenty-first, they had become essential assets to most militaries. These include photography precision agriculture, Forest fire monitoring. THE INTERNATIONAL HUMANITARIAN LAW IS A SET OF RULES THAT SEEKS TO LIMIT THE EFFECTS OF ARMED CONFLICT. FOUR PRINCIPLES OF OF IHL?

- 1.DO NOT ATTACKS NON-COMBATANTS
- 2.ATTACK COMBATANTS ONLY BY LEGAL MEANS
- 3.TREATS PERSONS IN YOUR POWER HUMANELY
- 4.PROTECT THE VICTIMS.....

THE LAW OF ARMED CONFLICT (IHL) IS THE LAW THAT REGULATES THE CONDUCT OF ARMED CONFLICT (just in bello)...

ITS MAIN PURPOSE IS ADDRESSING SITUATION OF HUMAN RIGHT VIOLATIONS AND MAKING RECOMMENDATIONS ON THEM.....
